

# Adding Color Scheme

- Click on Color in Home Tab
- Click on Insert and then choose desired settings
- Rows can be moved up or down to choose how the theme appears
- Save project file to save changes to the theme

The screenshot shows the software interface with the 'Transit' tab selected. The 'Color' button is highlighted with a red box. Below the main map area, a dialog box titled 'Highway Layer Link Color Specifications 1' is open. The dialog box has a 'Color Palette' set to 'div-orange purple' and a table with the following specifications:

Color/Style	Size	Criteria	Group Name:
[Red line]	1	VC_1 >= 0.7	
[Yellow line]	1	VC_1 < 0.7	
[Green line]	1	VC_1 < 0.3	

# Bandwidth Plots

➤ Click on Multi-Bandwidth in Analysis Tab

➤ Choose attribute(s), Color and Size. Up to 8 attributes can be chosen

➤ Click Ok

The screenshot shows the software interface with the 'Analysis' tab selected. The 'Multi-Bandwidth' tool is highlighted in the 'Bandwidth' sub-tab. Below the toolbar, the 'Highway Layer Link Band Width Settings' dialog box is open. The dialog box has the following sections:

- Set:** A dropdown menu showing '1:' and a 'Name:' field.
- Center Line:** A 'Color' button and a checkbox for 'Display as Queue Length'.
- Attributes:** A list of attribute dropdown menus, with 'V\_1' selected in the first one.
- Color Settings:** Radio buttons for 'Link Color', 'Fix Color', and 'Dynamic Color'. The 'Fix Color' option is selected for the first attribute, and the color is set to 'Red'.
- Value Range:** A table with columns for 'value/pixel' and 'Value Range'. The first row shows '795.5051' and '0-11932.576'.
- Selection Criteria:** A text input field and a 'Copy Scale' button.
- Scale Range to Show Posting:** Input fields for '0' and '0'.
- Key Value:** A row of four key value dropdown menus, each set to '1', and 'Key +', 'Key -' buttons.
- Key Min. Width:** A row of four key minimum width dropdown menus, each set to '1', and 'Key +', 'Key -' buttons.
- Buttons:** 'OK', 'Cancel', and 'Save Configuration' buttons at the bottom.

# Adding Labels

➔ Click on Post All in Home Tab in the Post Link section

➔ Choose attributes to Label and appropriate settings

➔ The Post Single option can be used to label links by clicking on them instead

The screenshot shows the software interface with the 'Posting Selection' dialog box open. The dialog box has a 'Set' dropdown menu set to '1' and a 'Name' field. Below this, there are four rows of settings for 'NAME'. Each row has a dropdown menu, a radio button for 'Link Color' (which is selected), a radio button for 'Fix Color', and a 'Round to nearest' dropdown menu set to '1'. At the bottom of the dialog box, there are three buttons: 'OK', 'Cancel', and 'Save Configuration'. The background shows a map with various colored lines and labels like 'Skyline', 'Pinehurst', and 'Redwood'.
